

EXAMINATION MANUAL & STANDARD OPERATING PROCEDURES (SOP)

Guidelines for Examination Conduct, Digital Hall Tickets, Double Evaluation & Transcripts

Ref: RGUKT/EXAM/SOP-2024

Effective: Examination Cell, RGUKT-AP Authority: Controller of Examinations

1. Examination Registration & Eligibility

Registration for regular and remedial examinations is conducted electronically through the campus examination portal. A student must achieve at least 75% attendance to generate the barcoded hall ticket.

Detained students with attendance below 65% are required to repeat the semester coursework.

2. Evaluation, Moderation & Double Evaluation

- **Double Blind Evaluation:** Answer scripts are coded with encrypted barcodes. Valuation is conducted by internal and external subject examiners.
- **Valuation Variance Resolution:** If the score difference between two examiners exceeds 15 marks, the script is referred to a third senior evaluator.
- **Revaluation & Recounting:** Students can apply for challenge valuation or personal verification within 15 days of result publication.

3. Malpractice Prevention & Discipline

Possession of unapproved electronic devices or unauthorized materials inside the examination hall leads to cancellation of all registered courses in the semester and disciplinary committee action.
