

RAJIV GANDHI UNIVERSITY OF KNOWLEDGE TECHNOLOGIES

(Established by the Govt. of Andhra Pradesh and recognized as per Section 2(f), 12(B) of UGC Act, 1956)

Campuses: Nuzvid | Rajiv Knowledge Valley (RK Valley) | Srikakulam | Ongole

GRADING SYSTEM, SGPA/CGPA CALCULATION & PROMOTION POLICY

Statutory Examination Ordinances Approved by the Academic Council — RGUKT AP

1. ABSOLUTE & RELATIVE GRADING SYSTEM

RGUKT AP adopts a 10-point letter grading system to evaluate academic performance across all undergraduate engineering courses. Letter grades are awarded to students based on aggregate marks secured (Internal Evaluation + End-Semester Examination).

Marks Range	Letter Grade	Grade Points (GP)	Qualitative Performance Description
90% to 100%	EX	10	Outstanding Performance
80% to 89%	A	9	Excellent Mastery of Subject
70% to 79%	B	8	Very Good Competency
60% to 69%	C	7	Good Performance
50% to 59%	D	6	Fair / Above Average
40% to 49%	E	5	Satisfactory / Pass Minimum
Below 40%	R / F	0	Remedial / Fail (Must Re-appear)
Absent	AB	0	Absent from Examination

2. MATHEMATICAL FORMULATION FOR SGPA & CGPA

A. Semester Grade Point Average (SGPA): Represents the weighted average grade point earned by the student in a given semester across all registered courses.

$$SGPA = \sum (C_i \times GP_i) / \sum C_i$$

Where C_i is the number of credits assigned to course i , and GP_i is the numerical grade point earned in course i . The summation runs over all courses registered in that semester.

B. Cumulative Grade Point Average (CGPA): Reflects the cumulative academic performance of the student across all completed semesters up to the current stage of study.

$$CGPA = \sum (SGPA_k \times Credits_k) / \sum Credits_k$$

Where $SGPA_k$ is the Semester Grade Point Average for semester k , and $Credits_k$ is the total credits registered in semester k . Both SGPA and CGPA are computed and rounded off to two decimal places.

C. Conversion of CGPA to Equivalent Percentage of Marks:

$$\text{Equivalent Percentage of Marks (\%)} = CGPA \times 10.0$$

3. YEAR-TO-YEAR PROMOTION NORMS

To ensure continuous academic progression and quality standards, the following credit thresholds must be met for promotion to higher engineering years:

Promotion Stage	Statutory Credit Requirement for Promotion	Backlog Restriction
E1 (B.Tech Year 1) to E2 (Year 2)	Must clear at least 50% of credits registered in E1 Sem-1 and Sem-2.	Maximum 50% backlogs permitted in E1.

E2 (B.Tech Year 2) to E3 (Year 3)	Must clear 100% PUC credits and at least 60% cumulative credits of E1 + E2.	No backlogs in PUC allowed.
E3 (B.Tech Year 3) to E4 (Year 4)	Must clear all E1 core subjects and at least 70% cumulative credits up to E3.	No pending backlogs from E1.
Graduation Eligibility	Must secure 100% of 160 B.Tech credits with minimum CGPA of 5.00 .	Zero backlogs across all 8 semesters.

4. REMEDIAL EXAMINATIONS & REVALUATION POLICY

- **Remedial Exams:** Conducted twice an academic year for students with 'R' grades. The higher grade secured between original and remedial attempts is retained.
- **Revaluation & Recounting:** Students can apply for script recounting or revaluation within 15 days of result declaration upon payment of the prescribed fee. Challenge valuation is permitted before an independent panel.
